

Banff National Park Emergency Communication Resources

In the event of a local emergency such as a wildfire, severe storm, river flooding, train derailment or other human or natural emergency event, it is important to share timely and accurate information with employees and visitors.

Here is a list of sites and local communication pages to share with team members and post in staff areas of your organization.

Town of Banff

- Register for Emergency Alerts
 - <https://banff.ca/1231/Register-for-Emergency-Alerts>
 - Residents can pin multiple locations in the Voyent Alert System app for real-time updates about local emergencies. **Note, the Town of Banff and Parks Canada work together to share urgent information to residents and visitors through this communication mechanism.**
